Ranger George W. Case
 (Through Forest Supervisor)
 Hamilton, Montana

Dear Mr. Case:

The management plan you have prepared for wildlife on the Idaho portion of the Bitterroot Forest is, in my opinion, one of the most outstanding examples of progressive action in the wildlife field that has come to my attention in this Region. This is just the sort of thing that we need to develop for all our big game problem areas in Montana and Idaho and I hope it will spur other forest officers to prepare similar plans so that eventually we shall have an over-all plan of management for the entire Selway area.

I want to take this opportunity to commend you for the fine job you have accomplished, both in preparation of the plan and selling its content to the Idaho state game director. I have little doubt but that you will be equally successful in securing the cooperation of the Idaho State Game Commission.

Very sincerely yours,

EVAN W. KELLEY, Regional Forester
